

How the constantly growing financial needs of local governments can be met in the period of inflation is one of the aggravated, acute problems now confronting the Michigan State Legislature in its fourth month of sessions.

There appear to be two ways whereby additional funds can be raised through taxation.

The first would be new taxes, created by the State Legislature and collected by the State of Michigan. This has been the favorite way to finance new public services by local governments.

A second way whereby local public services by home governments are financed in other states is that of special local taxes.

This aspect was crystallized recently by Governor Thomas E. Dewey of New York, who declared: "Without close correlation between the spending of public money and the responsibility for collecting it through taxes, local responsibility for government will degenerate rapidly and we shall have an all-powerful, centralized government."

Governor Dewey has had the courage and daring to propose specific new taxes for local units of government whereby these governments might finance the increased cost of public services at the present time.

It is the conviction of Governor Dewey that the above taxes, if levied by county governments in New York State, would realize a

Opening Prospects Not Too Bright

Mud and snow characterize the opening day of the trout season this year, but Conservation Department officials believe the faithful will not let the April 26th spate of bad roads, cold weather and high water.

Conditions may be fair for the worm fishermen, but dry fly artists may see more scenery than fish, unless the weather improves sharply, and soon.

Fishermen who do brave the weather on opening day have no new rules or regulations to learn. The minimum legal length for brook, brown and rainbow trout still is seven inches; the creel limit still is 15 trout a day on the streams, 10 a day on lakes, and anglers lucky enough to get a few big ones will also have to watch the 10-pound and one fish limit.

Some northern trout lakes that draw opening day anglers as early as 12:01 a. m. may have to be fished through the ice on opening day this season. At one such lake, a heavy producer for a brief time, the start of fishing is signalled by a conservation officer's pistol shot.

Besides postponing the best of the trout fishing, the lingering winter weather may upset the usual spring schedule of perch runs and sucker runs, the wad-eyed pike run in Saginaw Bay, smelt runs, and, perhaps, even the appearance of spawning lampreys.

Home Economics Leaders Meeting

Project leaders of Crawford County Home Economics Clubs will meet April 18 at 10:00 a. m. The lesson given by Miss Lola Belle Green, Clothing Specialist of Michigan State College, is "Up-to-Date Finishes for Cottons".

Most women are doing considerable home sewing these days and are interested in learning how to use up-to-date finishes that will make the cotton wash dresses more attractive.

The demonstration at the meeting will include the making of belts, belt finishes, different types of pockets and decorative stitching. Each club should have its leaders present for this meeting.

Leaders should bring two pieces of firmly woven cotton, 12 x 12 inches, a washable buckle, a piece of cotton 8 x 8 inches, a stiletto, another piece of firm cotton 8 x 8 inches. Sewing supplies include shears, pins, measure, needles, thread, thimble.

Wm. F. Haydel Jr. has left to join his ship as second officer on the Steamer Mac Givray Shiras, lying at Ashtabula Harbor, Ohio.

V. F. W. POST 6579 INSTALLS OFFICERS

Shoppenagons Post No. 6579, Veterans of Foreign Wars, held their installation of officers Tuesday evening of last week at their meeting place, the Grange Hall.

Following the installation, the boys went to the American Legion Hall for lunch.

Notice To Resort Owners

The Grayling Chamber of Commerce has received and is unable to answer satisfactorily a great number of inquiries concerning accommodations on or near rivers and lakes in Crawford County. It will greatly facilitate the work of the Chamber of Commerce if owners and operators will take the time to notify the Secretary of what they have available, that is, where located, type of accommodations, and number that can be handled.

Help yourself get out of the Chamber of Commerce the dues you have paid in co-operating on this situation.

Chamber Names Winter Group

The Board of Directors of the Grayling Chamber of Commerce named a five-man over-all planning committee for next season's winter sports program at their regular monthly meeting held last Friday evening.

Named to the committee which will formulate plans and ideas during the summer were Mrs. Stanley Stealy, Walter Dudewicz, Robert Brooks, Rola Failing and Jerome Kessler.

Fred Welsh Jr. was elected to the office of Chamber Vice-President to fill the vacancy caused by the resignation of John H. Peterson, who left the post to become Secretary-Treasurer of the group.

Chamber President Wesley Kumpula appointed Leslie Hunter, Walter Dudewicz and Robert Strong a committee to investigate the possibility of having more road signs erected throughout the county for the convenience of tourists who might be searching for a particular lake or stream landing.

The coming meeting at Mio concerning a national marathon canoe race down the AuSable was discussed and plans made for the attendance of a large delegation.

VETERANS NOTICE

Thomas F. Harcourt, State Field Service Officer of the Disabled American Veterans, will be at the Legion Hall the afternoon of April 23, and a general meeting of all disabled veterans in this county for the purpose of discussing veterans' rights and benefits and eligibility claims against the Veterans' Administration will be held at 8:00 p. m. in the Legion Room.

All veterans who are in actual receipt of compensation for service connected disabilities should attend this meeting.

Local Kiwanis Give Award

Thomas Stencil (left), Rialto Theatre manager, is pictured receiving the third national prize for theatres from his efforts in the March of Dimes campaign of this year from Mayor Burke, at the right. Mayor Burke chairmanned the polio drive for funds in the County and presented the gold wrist watch prize to Stencil at a Kiwanis meeting. Both men are Kiwanis Club members.

Lions Charter Night Banquet Draws Crowd of Nearly 200

Nearly 200 local and visiting Lions and their guests gathered at the Michelson Memorial Church last Thursday night to enjoy a banquet and see the local club awarded its charter by District Governor Emerson Vatter.

The program opened with a call to order by William Dell of Cadillac, Zone Chairman of the Lions. Those in attendance joined in singing "America" and the Pledge to the Flag. Invocation was given by Rev. R. C. Puffer.

Following an excellent dinner, prepared and served by the Church Ladies Aid group, Zone Chairman Dell introduced Wayne Peppier of Traverse City, who acted as toastmaster. President Harry Wehr of Traverse City, who sponsored the Grayling group, gave a short talk, followed by an excellent piano solo by Allison Schumsky of Traverse City.

District Governor Emerson Vatter of Sandusky then presented the charter to Harley Russell, president of the local club, who responded with a short acceptance address. Postmaster James McDonnell and Lieut. Governor Charles Moore of District 8 of the Kiwanis gave short talks of welcome to the newly launched club.

Several guests were introduced by the toastmaster, and Secretary-Treasurer Leslie Hunter of the new club introduced the charter members of the Grayling Lions.

The main speaker of the evening was District Governor John G. Schepers of Grand Rapids, who gave a fine talk on world conditions and the responsibility of local clubs in the situation.

The Traverse City club presented the new Grayling club with a gavel and bell, and President Russell with a large Lion club wall decoration.

The banquet ended by all singing "God Bless America" and George Freer, Deputy District Governor of Harrisville, handled the adjournment. The party then moved to Shoppenagons Inn, where an orchestra furnished music for dancing.

Officers of the new Grayling Lions Club besides President Russell, are: First Vice-President, Wesley Legrow; Second Vice-President, George Lietz; Third Vice-President, Leonard Allison; Secretary-Treasurer, Leslie Hunter; Lion Tamer, Frank Roth; Tail Miller.

Large Grayling Delegation Slated To Attend Meet At Mio To Discuss Proposed Marathon Canoe Race On The AuSable

A large delegation of interested persons from Grayling are scheduled to attend a meeting in Mio on April 22 to discuss with Mio and other northern city delegations the feasibility of a national marathon canoe race from Grayling to Oscoda on the AuSable River.

The meeting will open with a dinner at 6:30 p. m. after which open discussion will be held. It is hoped that a study committee will be named to further pursue the matter and to delve into many features of the proposed race.

The Grayling and Oscoda delegations will be sponsored by the respective Chambers of Commerce, while the Mio group is backed by the Mio Sportsmen's Club.

The meeting is the result of talks between EMTA Secretary-Manager Frank Davis, Gil Benedict, EMTA publicity director, and interested men of Grayling and other communities on the AuSable.

Davis feels, as do others close to the proposed project, that the race will draw both national competition and interest. Already several nationally known canoe manufacturers have expressed marked interest in the proposal and urgently request further information as the plan is evolved into working order.

Many ideas have been brought forth concerning the race, including a sizeable budget which would afford cash prizes for winners and placers that would be attractive enough to insure competition from top canoeists of the entire Great Lakes region.

Grayling Doctors Move Offices

The Grayling Doctors of Medicine have really been on the move during the past few weeks, with all of them occupying new offices.

Dr. C. R. Keyport and C. G. Clippert are now installed in their practically brand new office building, just past the Masonic Hall on Michigan Avenue. The building, owned by Dr. Keyport, has been completely rebuilt, re-wired, new plumbing and heating equipment added, and entirely redecorated.

A large reception room fronts on Michigan Avenue, with a well-designed office space directly behind it. The medical center also has three private consulting rooms and three private examining rooms, plus a laboratory and stock room. The doctors are awaiting mild weather, when the front of the building will be refurbished, enlarging the reception room. The front of the office will then be finished in glass block. The plans also call for the construction of a really complete medical library across the rear of the building.

Dr. Stanley Stealy has now occupied his newly constructed office over the B-C-D Equipment Company store at the corner of Michigan and Cedar streets. The door opens into a reception room off from which is an office. The rest of the office is comprised of a medicine room, consulting room and examining room, and a large storage room.

All three doctors can be reached through their old telephone numbers, as the office phones were moved to their new offices.

Woman Keglers Hold Banquet

The Grayling Women's Bowling League met at Shoppenagons Inn Tuesday evening of last week for their sixth annual banquet. An excellent turkey dinner was served.

The long tables were attractive with flowering Easter plants, green and yellow tapers, and place cards fashioned like a bowling pin and ball. Miss Margaret Flag, Miss Fern Akers, Mrs. Robert Sorenson and Mrs. Ed Gierke served on the decoration committee. The plants were loaned by the Kennedy Flower Shop.

Prizes were distributed, the final standings being as follows:

	Won	Lost	Pts
1-Jarmin's	53	31	70
2-Sorenson's	47	37	64
3-Porath's	44	40	63

Most Improvement in New Bowlers—Averages—1st, Evabel Strong, 50 points; 2nd, Irene Dudewicz, 44 points.

The following officers were elected for the coming year: Mrs. Rola Failing, president; Mrs. Otto Peterson, vice-president; Mrs. L. Cariveau, secretary-treasurer; and Miss Fern Akers, sergeant-at-arms. Retiring from office were Mrs. C. Hayes, president, and Mrs. Marion Burch, secretary.

Grayling had eight teams bowling the past season. The members voted to affiliate with the Women's International Bowling Congress next year.

Edwin Carlson Named Mayor

Council Elects George Burke, Mayor Pro Tem.

The City Council convening in an organizational meeting with three new members—Robert Hayes, Don Gottho and William Tufts—last Monday evening, elected Edwin Carlson as Mayor. Carlson has served for seven years as a Grayling Councilman, and for the past term has been Mayor pro tem. Burke has served the City as Councilman and Mayor for ten years.

Carlson has also been a member of the Board of Supervisors for the City for a number of terms, and will continue as a member by virtue of his election as Mayor. The Council named City Attorney Charles Moore to the other Supervisor post which the City fills on the Board.

New City Councilman Robert Hayes and George Burke were named as the two members of the Board of Review.

Burke was elected as a City Councilman in April, 1937, and in the following organizational meeting was named Mayor—which post he has filled since that time. Carlson was appointed to the City Council in April, 1940, to fill the unexpired term of Councilman Al Roberts, who resigned.

Kiwanis Club Notes

Kent Taylor, District Scout Executive from Midland was the speaker at this week's meeting of the Kiwanis Club of Grayling, held at Shoppenagons Inn, Monday evening.

Also present for the talk on the phases of Senior Scouting and movies taken by Midland Senior Scouts on wilderness canoe trips in Canada, were about ten Scout committee members and leaders from Roscommon, Houghton Heights and Midland, as well as the local leaders and some of the members of the local Scout Troop.

Taylor was introduced to the club by Rev. R. C. Puffer, chairman of the Kiwanis Scout Committee, who were in charge of the program.

Another high point of the program was the presentation of membership pins to a returning member and two new members. The club welcomed back Harold MacNeven and happily received George Morrison and Probate Judge Ray Clement as new members.

Final plans were made for the old-fashion square dance and box social to be held this Saturday night at the AuSable River Inn, where the nationally famous Michigan Lumberjacks will play for dancing and present a program. Proceeds of this affair will swell the club's underprivileged child and milk funds.

Lovells Notes

Mr. and Mrs. Avery and daughters returned home Sunday, after spending a few days with relatives in Detroit.

Martha and Maryda Stillwagon spent their Easter vacation with their grandparents in Lovells.

The Patrick Hotel is opened for business. They have their help this year. Mr. and Mrs. Ward Hamblin and Helen Putman will assist in the dining room.

The Wm. Spauldings have moved back to their cottage on the North Branch, after spending the winter months in Harrison, Mich.

Pat Harwood, who is home on leave from Army service, spent a few days visiting in Lovells, the guest of the E. J. Caid family. Pat leaves Wednesday for a New Jersey camp, before being shipped overseas.

Roy Scott was in Lansing on business a couple days last week. Mrs. Pat Loeffler has been on the sick list the past week.

The McGanns of Detroit opened their cottage last week-end. The cottage is located at Twin Bridges.

Mr. and Mrs. John Kurchenko of Hazel Park made their first trip for the season to their cabins on Shupack Lake, Saturday. They had difficulty in driving in, but, after all, walking is very good exercise.

They are preparing their cabins for the opening of the trout season, as their cabins and all other cabins and cottages are taken for the entire season.

The Foxes of Detroit spent the week-end at their cottage, known as "The Three Foxes". Margaret and Edgar Douglas were in West Branch last Wednesday. Margaret Husted accompanied them and will return the latter part of this week.

Bob Heyworth and father, also a cousin, came up from Flint Saturday and opened up their cabins on the river. They all had to walk in from the main highway.

SOLDIER COME HOME

By Betty Zane Watson

A man has to fight for what he wants. Johnny Davis found that out when he came back to Lexington as a civilian.

There was the lovely Kay Willott. Johnny wanted Kay, but Kay was engaged to his cousin. There was the land he and his father wanted for a Settlement children's park. But Jennifer Martin, Johnny's bitter old grandmother, wasn't letting her land out for such "foolishness." So Johnny, with the help of his father, publisher of the Daily Clarion, set out fighting for what he wanted.

total of more than \$84,000,000 per year to make possible some of the improvements such as higher salaries for teachers, new or improved school buildings, and other public benefits.

Cities of at least 100,000 population or more would be given new additional tax powers, and New York City would be segregated whereby additional taxes could be levied on meals, admissions to amusement, liquor licenses, ownership of motor vehicles, including commercial trucks.

FAMOUS HEROES OF HISTORY LIVE AGAIN

Great heroes of history come to life again in a fascinating, new page-color feature that tells the story of an American boy whose dreams carry him back to stirring days. See "DICK'S ADVENTURES IN DREAMLAND," in Puck, The Comic Weekly, with this Sunday's (April 20) issue of Detroit Sunday Times.

LUTHERAN SUNDAY SCHOOL NOTES

The children of the Lutheran Sunday School were invited to attend church on Easter Sunday, with their parents or friends. After the service each child was given an Easter basket.

During March the following children had perfect attendance records:

Kindergarten—Sandra Buck, Betty Miller, Karen SanCartier, Susan Bidvia, Linda Sterling, Kay Tinker, Julieanne Marshall, Russell Gust, Judith Griffith.

Primary—Waneta Sterling, Mar-

lene Vincent, Francis Akers, Robert Houghton, Sandra SanCartier, Judith Sorenson, Burwell Griffith, Intermediate—Nancy Sorenson, Dorothy Corwin, Jacqueline Griffith, Ronald SanCartier, Delbert Joclyn, Anita SanCartier, Glen Richardson.

Junior—Elaine Tinker, Ann Holm, Ernest Miller.

Beaver Creek

Mr. and Mrs. Guy Feltman (Donna Millikin) of Midland, Mich., visited her parents, Mr. and Mrs. Frank Millikin, over the week-end.

There was no dance at the town hall Saturday night. No musicians were available.

Mr. and Mrs. Kenneth St. Johns and the Misses Arlene and Maxine Vincent of Lansing, also Mrs. Myrlyn Vincent of Owosso spent the week-end with the Herbert Vincents. Sunday a birthday dinner was served in honor of their mother, Mrs. Herbert Vincent's birthday. Arlene expects to spend this week here.

The Ott family, who last year purchased the Andrew Cholo farm, have offered it for sale in a Detroit newspaper. Mr. Ott is proprietor of Ott's Dixie Inn, near Roscommon.

Mr. Love has purchased a new pasteurizer and other equipment for his milk-house.

Phyllis Fairbotham is back in school this week after being out several weeks, following an operation for appendicitis.

Mr. and Mrs. Dominic Galvani are parents of a 7-pound, 4-ounce baby boy.

Friday evening, April 11, an old-fashioned box social was held in Beaver Creek (Hardwood) school. The children played games before and after the auction. There were some lovely boxes. The sale brought \$17.50, which will be used for recreational education. A few posters around, or a line in the paper would have brought many more out, as everyone enjoys a social evening if they are previously informed concerning it.

From where I sit... by Joe Marsh

A Great Bunch

—Those Ex-G.I.'s

Willie Wells and a bunch of the boys from our town went to Pound Ridge Saturday to a reunion of their old regiment.

There were about two hundred and fifty boys who came from miles around to a good old feast in Farmer Collins' barn. I expect they seemed a lot different to each other out of uniform. But they had a great time, spinning yarns, drinking beer, and talking over the old times in South Africa and Italy and the Aleutians.

I went over to cover the meeting

for the Clarion, and one thing that sure impressed me was the good behavior of those boys—their preference for a moderate beverage like beer—their friendly spirit.

From where I sit, our ex-G.I.'s are making as good a showing in peacetime as they made during the war. And they're setting a mighty good example to the rest of us—in tolerance, and moderation, and good fellowship.

Grayling, Michigan, Thursday, April 17, 1947.

Our Social Conscience . . .

Millions of words have been penned by countless writers about the greatness of America. All of us are quick to praise the people of this nation for the highest standard of living in the world, for their productivity and for their wealth — the highest per capita of any nation on earth.

Because of this practice, sometimes such a smoke screen of personal and national esteem is raised that facts escape. These facts would indicate that life in America is not without its darker side. For instance—

Cancer will strike one of every two families in Crawford County.

The vicious killer will strike down one in every eight persons now living in this county.

These are facts not only here, but in every community in America.

Representatives of the American Cancer Society have revealed that this terrible toll of death will occur "unless we do something about it." And the local chapter of this great organization, which will conduct a drive for funds in April, is telling the public what it can do to avert this appalling tragedy.

First, every person can give—give every penny possible to the society's drive for funds so that the local goal of \$158.47 may be reached.

One thing that is imperative is the need for early detection of the disease because, in this way, many lives can be saved.

At least one-third of the 17,000,000 Americans now living who are doomed to die of cancer could be saved if the disease were detected in time and the proper treatment given.

The American Cancer Society points out that there are three acceptable methods of treating cancer—surgery, radium, and x-ray. To recognize this fact, coup-

GIVE TO FIGHT

led with the knowledge that in many cases early cancer can be cured, the threat of this scourge can be faced with courage and realism.

The truth about cancer should be spread with the zeal of a missionary. Not only is the society asking for funds, but every volunteer canvasser in this county is handing out literature that tells what to do to safeguard your life against this disease.

When all these facts are considered, it seems ironic to boast of the advantages of our economic life. All the wealth in the world can not save us from death. But there is one way that our money can help to stamp out cancer — by putting it to work in research projects where scientists are trying to learn the cause of cancer and perfect a cure for it.

Much of the money raised in this county will be used for this purpose. The American Cancer Society has more than 100 research projects now in operation throughout the nation.

When you make a contribution to its cause, you will be helping save many lives. With that in mind, it seems certain that you will give generously.

Health Center, April 26, at one o'clock.

Miss Ruth McCullough, who is attending the Detroit Junior College, is spending the Easter vacation with her parents.

A daughter was born to Mr. and Mrs. Richard Babbitt of Maple Forest Township, Tuesday morning.

Henry W. Klein, proprietor of the Grayling Creamery, has purchased the old Peterson home on Michigan Avenue from Tony Nelson.

Salling Hanson Company are moving their hardware store from the Boeson building to the building formerly occupied by them as a general store.

For the pleasure of her husband, Mrs. Lorane Sparkes entertained several couples at bridge, Thursday evening.

Julius Jenson, our newly appointed night police officer, is feeling pretty chesty over the receipt of a package thru the mail, which upon investigation was found to contain about one foot of broom handle, all varnished and shiny, and a wrist cord strung thru the end, intended to be used as a policeman's "billy." He claims not to know where it came from, but, by heck, somebody is liable to get a tunk over the bean if they don't watch out.

Charles S. Barber of Frederic petitioned for a recount of the votes for the office of treasurer, in which he was tied with Barney Callahan and was found to have a majority and was declared elected. Also, in Maple Forest Township there was a tie between Jay Van Valkenburg and Wm. Bigham for the office of highway commissioner. Mr. Bigham was the lucky one in drawing.

George Mason has purchased one of the Bromwell cottages on the Manistee River.

Wanted—Man to build old-fashioned log cabin of dry white and Norway pine already on ground at Guthrie Lake, four miles east of Waters. I will pay \$100 for job and furnish all material on ground. Builders may use present cabin and boat to fish in while building.

Department To Test Two Planting Methods

Seven trout streams have been chosen by the Conservation Department for tests this summer of the comparative returns from "spot" and "boat" plantings of hatchery trout.

"Spot" plantings usually are made at bridges or other convenient points of access, while "boat" type plantings on the larger streams are made from moving boats, and on the smaller, non-navigable streams by releasing small numbers of fish at several points along three-quarters of a mile above and below the place at which the truckload reaches the creek bank.

Periodic plantings of both types will be made on neighboring sections of the Middle Branch of the Ontonagon and on Thompson Creek in the Upper Peninsula, and in the Ausable, Sturgeon and Rifle rivers and Slagle and Gamble creeks in the Lower Peninsula. Crews censusing after plantings will check the relative effectiveness of the two methods.

Beaver Creek

John LaMotte left April 5, to join the crew of the Steamship, Shirs, on the Great Lakes. He will be away all season.

Mr. and Mrs. R. J. Sponselles of Sovereign Park, Higgins Lake, were host and hostess to the Saturday Evening Pinochle Club. A delicious oyster dinner was served.

Frank Millikin was guest at a surprise party honoring his 51st birthday, given by members of his family on Friday, April 4.

Mrs. George Cholo and four daughters spent three days this week in Bay City and Midland, shopping and meeting relatives. They were accompanied by Bonna Millikin, who stayed in Midland to visit her sister, Mrs. Guy Feltman.

Mr. and Mrs. R. J. Sponselles were guests at the Herbert Pruehs home, Saturday evening.
